**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

This three story 2 bay building has a sloped roof and is located in midblock. The first floor is a shopfront and the upper floors are of painted brick.

There is a central shop window whose obtusely angled side panels form the inner walls of the two flanking entrance recesses. The recess to the left has 2 wood and glass doors, the one to the right, a single door. Above is an aluminum awning the width of the building and above that a bracketed cornice.

A tripartite window consisting of a center wide fixed panes flanked by 2-over 1 windows is capped by a molded lintel. Two one-over-one windows with stone sills and guaged brick lintels light the 3rd floor. A row of brick lintels ornaments the roof edge.
